

## Request for a Self-Designed Related Field

A student wishing to create a self-designed related field must submit this form to the Graduate Studies Office along with a justification of ca. 300 words explaining how the proposed related field will further their professional, artistic and academic goals. The student needs to include the course numbers and catalogue descriptions of each proposed course. The student needs to find a related field professor to serve on the Doctoral Advisory Committee (if applicable) and administer the written and oral portions of the qualifying exam. The Graduate Performance Degree Committee must approve the related field *before* the student files the Degree Plan and Committee Designation Form.

UNT ID # \_\_\_\_\_ Email: \_\_\_\_\_

Phone: \_\_\_\_\_ MM DMA

Proposed Courses: *(9 credits are required for the MM, 12 credits for the DMA)*

Course prefix, no. and catalogue title	Credits
_____	_____
_____	_____
_____	_____
_____	_____

**Related Field Professor:** “I approve this self-designed related field and agree to serve as related field professor on the student’s advisory committee. In the case of a master’s student, this will require my presence at the oral comprehensive exam. In the case of a doctoral student, this will require me to participate in the qualifying examinations and in the advising of the DMA dissertation.”
